

# Privacy Policy

Circuitil respects your privacy and is committed to safeguarding your personal data. This Privacy Policy explains how we collect, use, store, and protect your information. By using our platform, you agree to the practices described herein.

## 1. Information Collected

### a) Information You Provide

- **Profile Information:**

When You create Your profile on Our Platform, You may share additional information, such as details of Your personality, lifestyle, interests, and other details about You. By choosing to provide this information, You consent to Our processing of that information.

- **Profile Pictures & Photos:**

We collect photos uploaded by users for profile pictures and posts to enhance user experience. These images are stored securely and are not shared with third parties without consent.

- **Social Media Links:**

Our Platform allows You to add links to Your social media profiles. These links are used for navigation purposes only via external URL launchers. Circuitil does not integrate or collect data from social media platforms directly.

## 2. How We Use Your Information

Your data is used for:

- Providing & improving our services.
- Personalizing your experience on Circuitil.
- Enhancing security and preventing fraud.
- Analyzing trends for research and service development.
- Complying with legal obligations (e.g., fraud prevention, law enforcement requests).
- We do not sell your personal data to third parties.

## 3. Third-Party Sharing & Integrations

Circuitil does not use any third-party integrations or external service providers for data processing. All user data is securely stored on our hosting server, and no personal information is shared with external analytics, advertising networks, or marketing partners.

## 4 . Data Retention & Deletion Policy

### a) How Long We Retain Your Data

- We retain personal data only for as long as necessary to:
- Fulfill the purposes outlined in this policy.
- Comply with legal and regulatory obligations.
- Resolve disputes and enforce our agreements.

### b) How You Can Request Data Deletion

You may:

- Delete your account from within the app settings.

- Request deletion by emailing us at [contact@circuitil.com](mailto:contact@circuitil.com).  
Some data may be retained for security or legal purposes, including fraud prevention.

## 5 . OTP Verification: Purpose & Data Retention

To protect users, Circuitil requires One-Time Password (OTP) verification during sign-up.

### a) Why We Use OTP

- To confirm user identity and prevent fake accounts.
- To enhance security and reduce unauthorized access.

### b) How Long We Retain OTP Data

- OTP codes are stored temporarily and are not deleted automatically after verification.
- We do not retain OTP data beyond authentication purposes.

## 6. Data Security

- We implement industry-standard security measures to protect your data from unauthorized access, alteration, or loss.
- While we strive for robust security, no method of transmission or storage is completely secure.
- Keep Your account details and passwords private.  
Avoid using the same password for multiple online accounts.

## 7. User Rights

- Access and Correction: You have the right to access and correct your personal information.
- Data Deletion: You may request the deletion of your data or object to certain processing activities.
- Withdraw Consent: Where applicable, you can withdraw your consent for specific data processing.

## 8. Third-Party Links

Our platform may contain links to external websites. Circuitil is not responsible for the privacy practices or content of these third-party sites.

## 9. Regional Availability

Circuitil is exclusively available for users in India. Our services are intended for individuals residing in India, and we do not offer access to users outside the country.

## 10. Policy Updates

- We review this Privacy Policy regularly to ensure compliance with laws and best practices.
- We reserve the right to update this policy at any time.
- The latest version will always be available on our website.
- Continued use of Circuitil after updates constitutes acceptance of the revised policy.

## 11. Contact Us

For privacy-related inquiries or to exercise your rights, contact us at:

Email: [contact@circuitil.com](mailto:contact@circuitil.com)

You may request:

- Access to the personal data we have collected.
- Corrections to factual inaccuracies.
- Removal of your details from our database.

Circuitil is committed to protecting your privacy and ensuring a secure experience.

## **Terms and Conditions**

Welcome to Circuitil! By accessing or using our platform, you agree to the following terms and conditions. Please read these carefully before using our services.

### **Definitions**

"Platform" refers to the Circuitil mobile application and all associated services. "User" refers to any individual or entity accessing the platform.

### **Eligibility**

Users must be at least 18 years old or have legal consent to use the app. The platform is not available to individuals previously banned or restricted by Circuitil. Users must comply with all applicable laws when using the platform.

### **Account Creation and Responsibility**

Users must provide accurate, complete, and current registration details. It is the user's responsibility to update account information as needed. Login credentials should be kept secure and not shared. Users are liable for all activity conducted under their account. Circuitil reserves the right to suspend or terminate accounts for non-compliance or suspicious activities.

### **Acceptable Use**

Users must adhere to all local, state, national, and international laws when using the platform. Posting or sharing content that is illegal, defamatory, obscene, or harmful is prohibited. Misuse of the platform through spamming, unauthorized advertising, or phishing is not allowed. Circuitil retains the right to monitor and moderate content to ensure compliance.

### **Prohibited Activities**

Users may not exploit the platform for fraudulent schemes or illegal activities. Unauthorized attempts to access, modify, or disrupt the platform's systems or data are strictly forbidden. The use of bots, scrapers, or similar tools to extract data or manipulate the platform is prohibited.

### **Intellectual Property**

All platform content, trademarks, and services are owned by Circuitil or licensed by third parties. Users must not copy, modify, or distribute platform content without prior consent.

### **Content Guidelines**

Users are solely responsible for the content they upload, share, or create. Circuitil may remove or restrict access to content that violates these terms. Content deemed to infringe intellectual property rights will be taken down upon notice.

### **Brand-Influencer Agreements**

The platform acts as a facilitator, not as a party to contracts between brands and influencers. Circuitil is not responsible for disputes, non-performance, or contractual obligations between users.

### **Blocking and Reporting Features**

Users have the ability to block other accounts if they feel unsafe or uncomfortable with interactions. Users can report content or accounts that violate community standards. Circuitil will review reports and take appropriate action, including content removal or account suspension if necessary. Users found engaging in harassment or other prohibited behavior may be permanently banned from the platform.

### **Termination and Suspension**

Circuitil may terminate or suspend accounts for violations of these terms. Users may voluntarily terminate their accounts at any time. Terminated accounts lose access to all data, content, and services on the platform.

### **Privacy and Data Use**

User data is collected and used in accordance with our Privacy Policy. Circuitil does not sell personal data to third parties. Users have the right to request data deletion or review.

### **Security**

Circuitil employs industry-standard measures to protect user data and platform integrity. Users are responsible for maintaining the security of their devices and accounts. Circuitil is not liable for security breaches caused by user negligence.

### **Liability**

Circuitil provides the platform "as is" and does not guarantee uninterrupted or error-free service. Circuitil is not liable for losses or damages caused by third-party content, user interactions, or technical failures.

### **Third-Party Links and Services**

Circuitil does not integrate third-party services or share user data with external providers. Users may include links to their social media accounts, but these are strictly for redirection purposes.

### **Indemnification**

Users agree to indemnify Circuitil against claims, losses, or damages resulting from violations of these terms. This includes damages caused by user content or interactions.

### **Modifications to the Platform**

Circuitil may update or discontinue parts of the platform at any time without prior notice. Users accept that updates may change the functionality or appearance of the platform.

### **Dispute Resolution**

Circuitil encourages users to resolve disputes amicably through customer support. Unresolved disputes may be subject to arbitration or litigation as per governing law.

### **Force Majeure**

Circuitil is not liable for failure to perform due to events beyond its control, including natural disasters, wars, or network outages.

### **Feedback and Suggestions**

Circuitil welcomes user feedback but retains ownership of all suggestions for platform improvement. Submission

of feedback does not entitle the user to compensation.

**Children's Use and Safety**

The platform is not intended for children under the age of 13. Parents or guardians must supervise minors using the platform with consent. Circuitil is committed to ensuring a safe online environment, and any reports of underage use will be reviewed promptly.

**Contact Information**

Users can reach Circuitil support via [contact@circuitil.com](mailto:contact@circuitil.com). For legal notices, use the designated contact details provided on the platform.

**Entire Agreement**

These terms constitute the entire agreement between the user and Circuitil. If any part of these terms is found invalid, the remaining provisions will remain enforceable.
